Sakai at Duke, Fall 2011

Sakai users at Duke currently include approximately 5,000 students, 270 faculty, and over 700 staff (including IT staff, administrative support staff and instructors). This includes Fall 2011 users as well as new users creating Spring 2012 course sites.

Duke courses using Sakai in Fall 2011 represented a broad spectrum of departments, types and sizes. 72% of 204 active Fall Sakai course sites had 30 students or fewer. Twelve courses had an enrollment of >100 students.

Over 70% of Duke faculty have actively used at least one Blackboard site in the past 2 years (excluding Medicine and Business, where Blackboard use was lower). As of Dec 1, 2011, about 10% of faculty outside of Medicine and Business had begun using Sakai.
**User Feedback**

Students using Sakai in Fall 2011 reported similar levels of Excellent and Good experiences to what the Spring 2011 student pilot participants reported. 80% of students indicated that their experience was OK, Good or Excellent. Also, the proportion of students who reported a Poor experience decreased from 18% in Spring 2011 to 5% in Fall 2011.

Students and faculty reported that most of Sakai’s tools were meeting their needs at least somewhat.
